

Hospital Admission

Checklist

Preparation

- How are you insured (general, private, semi-private ward)?
 - Do you have a daily sickness or accident allowance insurance? Have you informed the insurance provider about the planned hospital stay?
 - Enquiry to the family doctor: Have the preliminary exam results already been sent to the hospital?
 - Who will care for your children during and after the hospital stay?
 - Who will take care of the pet, plants, mail and bills while you are away?
 - How will you get to the hospital on the day of admission?
 - Do you need to stop taking certain medications prior to entering the hospital?
 - Is special preparation necessary before entering the hospital (e. g. colon cleansing)?
 - Are you allowed to eat and drink on the day of admission?
 - How will you get home after your stay in hospital?
-
